

## CONSTRUCTION BULLETIN

### Upcoming Temporary Nighttime Traffic Pattern Changes in Surrey

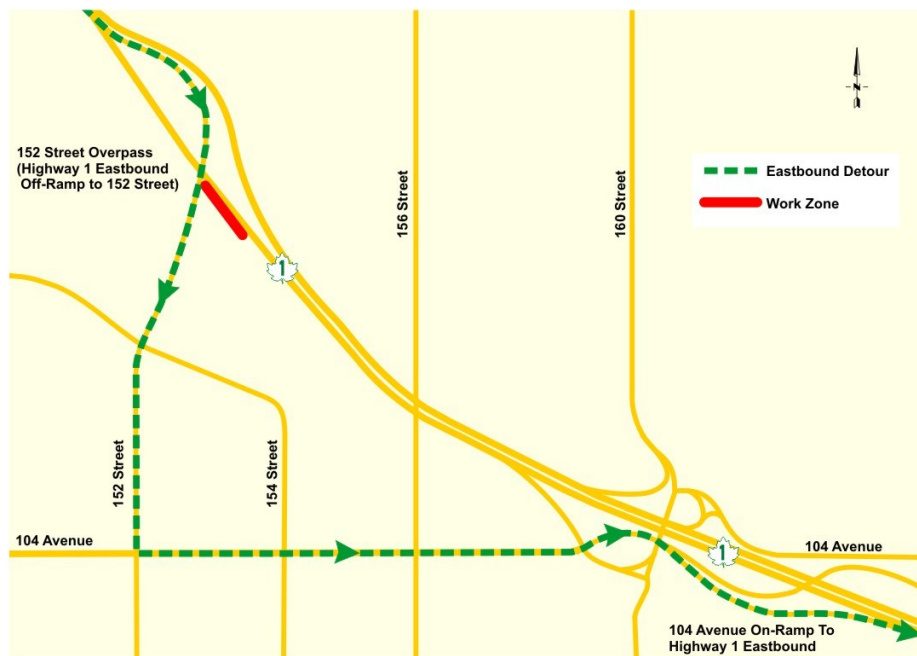

#### 176 Street Eastbound Off-Ramp

In the early morning hours of **January 25**, between **midnight and 4 a.m.**, drivers wishing to exit Highway 1 eastbound at 176 Street may be stopped intermittently for up to 20 minutes at a time for the installation of an overhead guide sign that spans across off-ramp traffic.

#### Highway 1 Eastbound at 152 Street

On **January 30**, between **midnight and 4 a.m.**, eastbound Highway 1 traffic will be detoured off Highway 1 at the off-ramp to 152 Street and back onto Highway 1 via the 160 Street Interchange (*please see the green detour route on the map below*). This detour route will be clearly marked when in operation. The 152 Street overpass will remain open at all times for Highway 1 westbound traffic from Surrey.

This detour will allow crews to dismantle the remaining portion of the old 152 Street overpass and install an overhead guide sign that spans across highway lanes.

*A key goal of the PMH1 project is to maximize predictability during construction and minimize disruption for commuters, goods movers, residents and the public. Construction updates will be issued regularly as the project progresses. If you have any questions, or if you would like to be added to our distribution list to receive project updates, please use the contact information below.*

#### The Project

The **Port Mann/Highway 1 Improvement Project** is part of the Ministry of Transportation and Infrastructure's Gateway Program, which will improve roads and bridges for people, goods and transit throughout Metro Vancouver. The project is being delivered by Transportation Investment Corporation with Kiewit/Flatiron General Partnership as the contractor.

# Port Mann/Highway 1 Improvement Project

Surrey

January 23, 2012

## CONSTRUCTION BULLETIN

[continued from page 1]

### Highway 1 Westbound near 160 Street

On **January 31, between midnight and 4 a.m.**, there will be intermittent 20 minute stoppages of Highway 1 westbound traffic between 176 Street and 160 Street for guide sign installation.

Drivers are encouraged to plan their travel accordingly and may wish to use alternate routes while this work is underway. Electronic message boards will be placed on Highway 1 to alert motorists of these stoppages.

*A key goal of the PMH1 project is to maximize predictability during construction and minimize disruption for commuters, goods movers, residents and the public. Construction updates will be issued regularly as the project progresses. If you have any questions, or if you would like to be added to our distribution list to receive project updates, please use the contact information below.*
