

CONSTRUCTION BULLETIN

Highway 1 Construction Zone Speed Limit Reductions

Beginning **Monday, July 19, 2010**, new construction zone speed limits will come into effect on Highway 1 from the north end of the Cassiar Tunnel in Vancouver to 208 Street in Langley.

New Highway 1 Construction Speed Limits

- 70 km/h - between the Cassiar Tunnel in Vancouver and Grandview Highway in Burnaby
- 80 km/h - between Grandview Highway in Burnaby and 208 Street in Langley

The Port Mann/Highway 1 Improvement (PMH1) Project is implementing speed limit reductions in active construction zones throughout the Project corridor to ensure the safety of workers and the public.

The area between the Cassiar Tunnel and Grandview Highway currently has narrow shoulders to accommodate crews working on widening the 1 Avenue, Lougheed Highway/East Broadway, and Boundary overpass structures. As a result, the speed limit will be 70 km/h for this portion of the Project. For the rest of the Project corridor, the speed limit will be 80 km/h.

The posted speed limit between 208 Street and 216 Street in Langley will remain at 100 km/h until project construction begins in this area.

New speed signs will be installed and drivers are asked to use caution when travelling through the construction zone. As a reminder, **traffic fines double in construction zones.**

A key goal of the PMH1 project is to maximize predictability during construction and minimize disruption for commuters, goods movers, residents and the public. Construction updates will be issued regularly as the project progresses. If you have any questions, or if you would like to be added to our distribution list to receive project updates, please use the contact information below.

The Project

The **Port Mann/Highway 1 Improvement Project** is part of the Ministry of Transportation and Infrastructure's Gateway Program, which will improve roads and bridges for people, goods and transit throughout Metro Vancouver. The project is being delivered by Transportation Investment Corporation with Kiewit/Flatiron General Partnership as the contractor.
